

# 9th Annual SCID-D Training

**Mastering Complex Trauma and  
Dissociation with the *SCID-D Interview*:  
Advancing Assessment and Enhancing  
Treatment Outcomes**

Presented by Marlene Steinberg, M.D.,  
Pamela Hall, Psy.D. & Jill Hosey, MSW

**Master the *SCID-D Interview***—the gold standard for assessing dissociative symptoms and disorders in adolescents and adults—and gain the specialized skills to effectively assess and initiate treatment for post-traumatic dissociation (including Complex PTSD and the dissociative disorders).

**Help Clients Heal from Trauma:** Treating complex post-traumatic stress and dissociative disorders requires specialized approaches to uncover, understand, and effectively address a client's hidden dissociative processes. Understanding the extent and nature of dissociative symptoms *before or early* in treatment (including EMDR, somatic therapies, sensorimotor, psychodynamic, parts therapy, or hypnosis) is crucial. This foundational assessment helps identify hidden parts of self, reduces the risk of patient decompensation, and allows for optimized trauma-informed treatment.

Grounded in over four decades of worldwide research, the *SCID-D Interview* provides a unique structured framework based on Dr. Steinberg's Five-Component Model of Dissociation. Its proven interview techniques identify five universal dissociative components, promoting client insight, healing, and self-discovery. This evidence-based, cost-effective tool empowers clinicians to guide client recovery.

**Reduce Misdiagnosis and Suffering:** Equip yourself to accurately assess trauma-related disorders, preventing years of ineffective treatment.

**Four Sessions, Two Consecutive Weekends:  
August 9th & 10th and August 16th & 17th, 2025  
12-4 pm EDT | Virtual Live Event (Zoom)**

## What You'll Learn

- ✓ **Master the SCID-D Interview:** Through in-depth, step-by-step video demonstrations, you'll gain a thorough understanding of how to integrate this highly practical, evidence-based tool into your practice.
- ✓ **Proven Assessment Techniques for Dissociative Symptoms and Disorders:** Discover the SCID-D's five universal components that underlie the often hidden suffering of Complex PTSD and dissociative disorders.
- ✓ **Effective Treatment Strategies:** Develop a personalized roadmap for addressing the specific needs of trauma survivors based on the SCID-D's Five-Component Model of Dissociation. This approach promotes client recovery by fostering deeper insight into their internal world and reconnection to newly identified dissociated aspects of self.

## Invest in Your Skills, Invest in Healing

By mastering the SCID-D Interview, you'll gain the knowledge and tools to make a significant impact on the lives of your clients suffering from complex trauma and dissociation.

## Who Should Attend?

- ✓ This workshop is recommended for psychiatrists, psychologists, nurses, social workers, and counselors working with adolescents and/or adults with histories of attachment issues, abuse, and/or trauma.
- ✓ This training is appropriate for clinical, forensic, and research professionals across all levels of experience, from trainees to seasoned mental health professionals.

## What Others Say About the SCID-D

**“For** making accurate and formal diagnoses of dissociative identity disorder, there is no better assessment instrument than the SCID-D. Because of the detailed, nonpathologizing discussion of dissociative symptoms it encourages, the SCID-D facilitates gathering a detailed understanding of the client’s symptoms and struggles that can be invaluable in any trauma therapy.”

**Janina Fisher, Ph.D.**, Author, *Healing the Fragmented Selves of Trauma Survivors* and *Transforming the Living Legacy of Trauma: A Workbook for Survivors and Therapists*

**“The** wealth of information about the patient’s subjective experience of his or her dissociation acquired using the SCID-D facilitates my understanding and my capacity to empathize with the patient in those crucial early sessions during which establishing a therapeutic alliance is a paramount goal.... I have been impressed over and over again that the *SCID-D interview* pulls forth information that otherwise might not emerge until much later in the treatment.”

**Richard Kluft, M.D.**, Clinical Professor of Psychiatry, Temple University School of Medicine

# Faculty

## Marlene Steinberg, M.D.

**Marlene Steinberg, M.D.**, a leading expert in diagnosing and treating post-traumatic dissociative symptoms and disorders, has presented workshops worldwide. She developed the *SCID-D Interview*, considered the gold standard in the field (American Psychiatric Association Publishing, latest edition, 2023). Dr. Steinberg has authored *The Handbook for the Assessment of Dissociation* and the popular *The Stranger in the Mirror, Dissociation - The Hidden Epidemic*. Recognized in "Best Doctors of America" for nineteen years, Dr. Steinberg currently practices in Naples, Florida.

## Pamela Hall, Psy.D.

**Pamela Hall, Psy.D.** has over three decades of experience and has lectured extensively on post-traumatic conditions. She has trained professionals nationally and internationally in assessing and treating complex PTSD and dissociative disorders using the SCID-D. Dr. Hall was integral to the ten-year Yale SCID-D field trials with Dr. Marlene Steinberg. She holds dual leadership roles at Pathways Community Counseling Center in NJ, serving as both Clinical and Executive Director.

## Jill Hosey, MSW

**Jillian Hosey, MSW, RSW, LICSW** is a Registered Social Worker and Psychotherapist in private practice in Toronto, Canada and Rhode Island, USA. Jill is an EMDRIA Approved Consultant and EMDR Trainer, a Trainer with the AGATE Institute and Faculty with the ISSTD's Professional Training and EMDR Therapy Training Programs. She is the co-editor and contributing author for *The Handbook for Complex Trauma and Dissociation in Children: Theory, Research, and Clinical Applications* (Routledge, 2025). She is a Fellow of the ISSTD.

## Professional CE's:

Most clinicians will earn 14 CE's for attending all 4 live sessions. Please see registration page for more details.

## Registration

- **Early Bird (until July 16, 2025):** \$375 USD per person
- **Regular (until August 6, 2025):** \$425 USD per person
- **Student (with proof of enrollment):** \$195 USD per person
- **CE Certificate Fee:** \$50 USD

CUE Management Solutions, LLC is approved by the American Psychological Association to sponsor continuing education for psychologists. CUE Management Solutions, LLC maintains responsibility for this program and its content.

CUE Management Solutions, LLC is recognized by the New York State Education Department's State Board for Psychology as an approved provider of continuing education for licensed psychologists #PSY-0242.
