

9th Annual SCID-D Training

Mastering Complex Trauma and Dissociation with the SCID-D: Advancing Assessment and Enhancing Treatment Outcomes

August 9th, 10th & August 16th, 17th, 2025
12-4 pm EDT Daily | Virtual Live Event

Presented by: Marlene Steinberg, M.D.,
Pamela Hall, Psy.D. & Jill Hosey, MSW

Gain key skills to assess and treat dissociation in adolescents and adults using the SCID-D.

Help Clients Heal from Trauma: Treating complex post-traumatic stress and dissociative symptoms and disorders requires specialized approaches to uncover, understand, and effectively address a client's hidden dissociative processes. Grounded in over four decades of worldwide research, the *SCID-D Interview* provides a unique structured framework and proven interview techniques, promoting client insight, healing, and self-discovery.

Reduce Misdiagnosis and Suffering: Equip yourself to accurately assess trauma-related disorders, preventing years of ineffective treatment.

What You'll Learn:

- **Master the *SCID-D Interview*:** Through in-depth, step-by-step video demonstrations, you'll learn how to integrate this practical, evidence-based tool into your practice.
- **Accurate Assessment of Complex PTSD and Dissociative Symptoms and Disorders:** Discover the SCID-D's five universal components that underlie the hidden suffering of these conditions.
- **Effective Treatment Strategies:** Develop a personalized roadmap for addressing the specific needs of trauma survivors based on the SCID-D's Five-Component Model of Dissociation. This approach promotes client recovery by fostering deeper insight into their internal world and reconnection to newly identified dissociated aspects of self.

Invest in Your Skills, Invest in Healing: By mastering the *SCID-D Interview*, you'll gain the knowledge and tools to make a significant impact on the lives of your clients suffering from trauma and dissociation.

FACULTY:

Marlene Steinberg, M.D., a leading expert in diagnosing and treating post-traumatic dissociative symptoms and disorders, has presented workshops worldwide. She developed the *SCID-D Interview*, considered the gold standard in the field (American Psychiatric Association Publishing, latest edition, 2023). Dr. Steinberg has authored *The Handbook for the Assessment of Dissociation* and the popular *The Stranger in the Mirror, Dissociation - The Hidden Epidemic*. Recognized in "Best Doctors of America" for nineteen years, Dr. Steinberg currently practices in Naples, Florida.

Pamela Hall, Psy.D. has over three decades of experience and has lectured extensively on post-traumatic conditions. She has trained professionals nationally and internationally in assessing and treating complex PTSD and dissociative disorders using the SCID-D. Dr. Hall was integral to the ten-year Yale SCID-D field trials with Dr. Marlene Steinberg. She holds dual leadership roles at Pathways Community Counseling Center in NJ, serving as both Clinical and Executive Director.

Jillian Hosey, MSW, RSW, LICSW is a Registered Social Worker and Psychotherapist in private practice in Toronto, Canada and Rhode Island, USA. Jill is an EMDRIA Approved Consultant and EMDR Trainer, a Trainer with the AGATE Institute and Faculty with the ISSTD's Professional Training and EMDR Therapy Training Programs. She is the co-editor and contributing author for the *Handbook for Complex Trauma and Dissociation in Children: Theory, Research, and Clinical Applications* (Routledge, 2025). She is a Fellow of the ISSTD.
